### Belize Literacy Program Website

Dear Jerome,

VISIT our new [Belize Literacy Program website](#) check out the blog on website for regular program updates...*be patient with us as we do a little catching up and bring our records and activities up to date.*

This site has been designed to help with information sharing - including funding, ancillary projects, teacher workshops, reports and who is doing what in Belize. The website will also feature information on speakers, adopt a school projects and lend a hand & explore Belize opportunities.

There are visits planned to Belize in November, mid-February and March of D5370 Rotarians, Interactors and teachers. If you wish to get involved, contact a member of the Belize Literacy Committee and check the website.

This program is building capacity and making a difference...THANK YOU for your continued support.

Jackie Hobal, IPDG  
Chair, Belize Literacy Program and Committee Members

### Feedback from summer 2011 workshops

#### Consider the impact!

For the past few years more than 100 teacher volunteers from our Rotary communities (District 5370/5360) have coached and mentored Belizean teachers and principals on practices to engage students and improve achievement. Approximately 500 Belizean teacher and principal leaders took part in the 2011 workshops.
