Recommendation by the principal of school:

What improvements do you see that is needed at your school.

The most urgent improvements at the school is definitely at least two new classrooms to better accommodate students.

Faith Nazarene is also in great need of a library and a playground for the children.

Another very urgent improvement to be done is in the computer room. The floor needs to be tiled so that the computers are well maintained and avoid dust from damaging the Air Conditioner as well.

Observation by the interviewer:
