## **Recommendation by the principal of school:**

**What improvements do you see that is needed at your school?.**

**“Presently, our school yard is open for people to walk through freely. Hence, we have problems with security; children’s bicycles are being stolen frequently.**

**Parents walk in and disrespect teachers because we do not have a fence.**

**Our buildings seriously need some attention for the safety of teachers and students. Recently, a window fell off the top floor of one of our buildings. It narrowly missed a student. In September, a teacher almost broke her leg when she fell through the floor of another building. This tells how much attention our building needs. .”**
